SOUTHERN HOT HEADS.

Espee Has a Fight on Hand.

Discriminated Against the Rice Interests.

Mass Meeting at New Orleans Issues a Warning.

Ocean Connection for the Santa Fe—Boas Confers With the Steamship People.

NEW ORLEANS, Dec. 6.—(Exclusive Dispatch.) The rice interests of New Orleans are not at all alarmed at the proposed canal project, but at a mass meeting of millers, rice growers and dealers today at the New Orleans Board of Trade, the company was denounced in unmeasured terms, the speakers charging that the road was not treating the local interests fairly; that it was showing favoritism to the country towns, and mills, and that it was actually discriminating against this city in favor of Crowley and other points.

It was charged that the shippers for New Orleans could not get cars in which to handle their business, and that when they finally did get "empties" and load them, the company killed fifteen or twenty days in moving cars from western Louisiana to this city.

These charges and attacks by the largest rice men in the South have stirred up a big sensation in commercial circles here.

A set of resolutions framed by the Rice Committee of the Board of Trade and adopted by the mass meeting embodying the above sentiment was served on Thornhill Fay, assistant to the manager of the Southern Pacific, this evening. There is an effort to get the company to accept the resolutions.

NEW YORK, Dec. 6.—(Exclusive Dispatch.) The party will leave Saturday night and the conference with the Interstate Commerce Commission is set for Tuesday.

The Interstate Commerce Commission has signified its willingness to extend any help it may be able to under the interstate commerce laws.

JANE TOPPAN INDICTED.

BARNSTABLE (Mass.) Dec. 6.—Miss Jane Toppan has been indicted by the grand jury for the murder of her husband, Mrs. Mary E. Gibbs, Alden P. Davis and Mrs. Genevieve A. Gordon at Canton, Mass., in July and August, this year.

The case is set for trial at the next session of the court.

THE CITY—Nelson Foster shown to have been five times a bigamist. Jim Gray's gang of peace disturbers routed again by police. Remarkable showing made by Superintendent of Buildings. Chief Elton wants to reestablish whipping post. M. & N. Association protests against license ordinance. President Powers of the Council says school bonds must take precedence of sewerage bonds. Brunswick bowlers beat Melrose team. Visitors win baseball game. Festivities at army. Scott-Ritchie Masons' big time. Reported that Bishop Montgomery may go to Manila, succeeding Archbishop Nozaleda. John Bradbury denies having family troubles. Favorable action on petition of Pacific Electric Railway Company for franchise to connect interurban system with center of city. Council considering restrictive legislation for oil refineries. Judge Shaw brushes dummy Waldron aside. Big damage suit against Los Angeles Pacific Railway, growing out of Sherman accident.

RAILROADS.—To aid Van Sant's fight. Gulf and Manitoba bonds sold. Sports. Herrera and Baker are matched. Lavigne-Hogarty match. Bad day for favorites at Oakland. New Orleans results.

SENATORS BACKSLIDE.

Davis Amendment Voted Down.

Canal Treaty Approved in Committee.

United States Takes Chances in Event of Hostilities.

California Gets Place on Ways and Means Committee—Anti-Chinese Talk.

WASHINGTON, Dec. 6.—The Senate today voted to report favorably the new Hay-Pauncefote treaty providing for the construction of an isthmian canal. The committee was in session nearly two hours, and went over in detail the provisions of the convention. No votes were cast against it, but it was criticized very sharply by Senators Money and Bacon who found in it many of the objections which they urged against the other treaty. They took especial exception to the provision continuing in force the neutrality provision of the Clayton-Bulwer treaty, and also made exception to the clause specifically authorizing the United States to police the canal, as placing a limitation upon the power of this country to absolutely control it.

The contention was made that the effect of the treaty as sent to the Senate would be to deprive the United States of control of the canal in case of war. Especial attention was called to the provision in the preamble of the treaty reserving article 1 of the Clayton-Bulwer treaty from the repeal of the new treaty.

Senator Fry presided over the meeting, and he authorized Senator Lodge to report the treaty to the Senate Monday next, in case there should be an executive session that day.

It also was the sense of the committee that the consideration of the treaty should be pressed as speedily as possible in the Senate, some Senators expressing the hope that action might be secured before the adjournment for the holidays. The committee also voted to recommend that the injunction of secrecy be removed from the treaty.

Senator Bacon moved the revival of the amendment to the original Hay-Pauncefote treaty, which was suggested by Senator Davis, then chairman of the committee, and adopted by the Senate. The amendment provided that nothing in the treaty "should apply to measures which the United States may find necessary to take for securing by its own forces the defense of the United States and the maintenance of public order."

The amendment was voted down, viva voce.

HEPBURN CANAL BILL.

WASHINGTON, Dec. 6.—Representative Hephburn of Iowa today introduced his Isthmian Canal bill, which, by reason of his being the author of the bill passed last year, and his probable continuance at the head of the House Commerce Committee, is considered as the measure which will serve as a basis for action by the House.

It differs from the Hephburn bill passed last year in making the total appropriation \$100,000,000, instead of \$140,000,000. Of the total amount \$100,000,000 is made immediately available to begin work. In other respects the bill follows that of last year, authorizing the President to acquire a right of way from Costa Rica and Nicaragua, and then to direct the Secretary of War to begin the construction from Greytown on the Caribbean Sea to Brito on the Pacific Ocean, with suitable defenses, etc.

FIFTY-SEVENTH CONGRESS. REGULAR PROCEEDINGS.

WASHINGTON, Dec. 6.—HOUSE.

In the House today, after the reading and approval of the journal, Mr. Gaines of Tennessee, who has just returned from the Philippines, appeared at the

RACE WAR IS RAGING.

Fear of Wholesale Lynching.

Mob Thirsts for Blood of Hated Blacks.

Twenty-Nine in Jail Guarded by the Militia.

Three Negroes Have Already Fallen Victims to the Fury of Whites.

ONTONGHEE (Ala.) Dec. 6.—Sheriff Bradshaw of Covington county this afternoon wired Gov. Jenks that he had positive information that a mob would attack the jail at Andalusia tonight for the purpose of lynching the twenty-five negroes implicated in the killing of the Town Marshal and a merchant of Opp.

The sheriff requested that the soldiers be sent to Andalusia without delay. The Governor immediately ordered the military company at Greenville to proceed by train to Andalusia, and arranged with the railroad company for a special train.

Capt. Gamble of the Greenville company replied in twenty minutes that his company would leave for Andalusia at 5 o'clock this afternoon. The distance from Greenville to Andalusia is about sixty miles, and the military are expected to reach Andalusia at 7 o'clock.

UNDER MARTIAL LAW.

ANDALUSIA (Ala.) Dec. 6.—The Governor sent troops tonight to aid Sheriff Bradshaw in protecting the negro rioters in jail here, and the town is under martial law.

Several hundred troops were sent to the jail, and the whole country is in arms against the negroes.

Up to a late hour tonight, the mob had not made an appearance. Troops are on guard, and knowledge of this fact may prevent an attack.

News has just been received here that yesterday morning a negro committed suicide near Opp. He was being pursued by a posse with bloodhounds, and seeing that escape was impossible, the black shot himself.

HAGGIN IN COPPER.

He Completes Negotiations for Purchase of Cerro de Pasco Mines in Peru, but Not for Silver.

NEW YORK, Dec. 6.—(Exclusive Dispatch.) J. H. Haggin, veteran turpentine and owner of the Anaconda copper mine, has completed negotiations for the purchase of the famous Cerro de Pasco mines in Peru, which for hundreds of years have been worked as silver mines. Haggin has been pursuing a policy with bloodhounds, and seeing that escape was impossible, the black shot himself.

Haggin's scheme in acquiring the Cerro de Pasco mines, it is said, is again to focus to the front as a mine and marketer of copper. Haggin purchased the concession for working the mines from a Peruvian company. Nothing has been made public as yet as to any details of the purchase, and nothing will be, Haggin, according to general belief, is in the enterprise for himself, and it is believed he laid a good deal of money for the property.

His scheme also embraces the construction of a railroad connecting the mines with a mountain railroad now running from Callao to Oroya in Peru, a place on top of the Andes, and about eighty miles from the mines. The mines are about 250 miles from the coast.

AFRAID OF CONSUMPTION.

Probable Reason Why Daniel W. Hayes Ended His Life—Father, Mother and Sister Fell Victims.

BOSTON, Dec. 6.—(Exclusive Dispatch.) Daniel W. Hayes, who committed suicide in Los Angeles Thursday, is a native of East Boston, where he had always lived up to within two years ago. Four years ago Hayes's mother, sister and father died of consumption within a brief period of each other, and as soon as the estate was settled up, the son went West to escape, if possible, the same disease, which he feared he would inherit.

He came into a small sum of money, and soon after reaching California wrote letters to friends in the East and Boston speaking of his big winnings at the Oakland race track. Later on in his letters he intimated that he had lost every dollar. Hayes has an uncle Jeremiah Hayes, living here, and the latter believes his nephew took his life for fear that he would fall a victim to consumption.

RUMOR OF IMPENDING RELEASE.

LONDON, Dec. 7.—A dispatch to the Daily Telegraph from Sofia says that the surrender at Salonica of Miss Ellen M. Stone, the American missionary, and her companion, Miss Telika, is impending.

SENATORS BACKSLIDE.

Davis Amendment Voted Down.

Canal Treaty Approved in Committee.

United States Takes Chances in Event of Hostilities.

California Gets Place on Ways and Means Committee—Anti-Chinese Talk.

WASHINGTON, Dec. 6.—The Senate today voted to report favorably the new Hay-Pauncefote treaty providing for the construction of an isthmian canal. CRAB RECORD.

DIRECT LINE TO MANILA.

Business Men of San Francisco Interested.

Chamber of Commerce Committee Meets.

Steamer Cordelia Heald's Voyage—Cranberry-Bean Shipment.

STOCKTON, Dec. 6.—(Exclusive Dispatch.) The committee on direct communication with Manila of the Chamber of Commerce held a meeting this afternoon to consider ways and means for encouraging a direct line of steamers to the Philippines. By the recent Philippine decision of the Supreme Court, shipments may not be made to the islands by foreign bottoms, as it would be in violation of the statute providing that commerce trade must be carried on in vessels of United States register, under penalty of the forfeiture of the ship.

The Togo Kisen Kaisha, a Japanese line, has been notified by the Philippine government that it is thus debarred from handling Philippine shipments, even though transferred to them from American ships at Atlantic ports.

A shipment of twenty cases of hats reached here yesterday from Manila on the Nippon Maru, a few days ago that had been taken from Manila to Hongkong in a British vessel and transferred to a Japanese line there. It was seized by Collector Stratton, under customs regulation, but the Treasury Department today ordered their release, as the shipment was made before the recent decision of the Supreme Court in the so-called Philippine cases.

CRANBERRY-BEAN SHIPMENT.

SENT EAST FROM STOCKTON.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, Dec. 6.—(Exclusive Dispatch.) The first carload of cranberry beans ever shipped out of Stockton was sent away today direct to New York. Very few of this new variety have ever been grown in this vicinity all the past season. M. P. Stein planted quite an acreage on the McLaughlin tract south of Stockton, and a large crop was produced, as the bean is a thrifty producer. They are about the size of large white beans, and have a peculiar narrow, dark-pink stripes zigzag entirely around them.

It was not until this season that it was discovered that they were the best variety of beans for succotash, and the large canneries throughout the country have been unable to secure as many as they require. The demand is quite strong at present, and the shipment sent out of the west is very timely. Additional orders are expected. The shipment of beans of this kind has commenced from this city, and several carloads are sent out daily.

LOST HER ONLY SAILOR.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Dec. 6.—(Exclusive Dispatch.) All day the ill-fated steamer Cordelia Heald, nearly three months out from Port Harford, was trying to come in through the Golden Gate. At the wheel was the skipper and managing officer, John L. Heald, an old farmer, and down below, in the cabin, was A. A. Platt, a Los Angeles fruit grower, preparing the evening meal.

Mr. Heald told a moving story of his struggles since leaving San Pedro, July 21, bound for the Klamath River. October 8, after many perils, they lost Moseley, the only sailor on board. He was struck by the boom, and lived only a few hours. The two survivors buried him at sea. They made the mouth of the Klamath October 13, but, after beating about three weeks, were driven south again. The stranger captain said he proposed to lay up in Oakland Creek till next spring, when he will try again to reach the Klamath.

George H. Moseley, the sailor who was killed at sea, was about twenty years old, a native of Rutledge, Mo., and had been a sailor from his boyhood. He served in the United States army in the Philippines, enlisting from Los Angeles.

KEPT OUT OF HIS OWN.

(BY THE NEW ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Dec. 6.—In the case of George A. Aldrich, a wealthy man now a paroled patient of the State Prison, the Supreme Court today denied him the writ of habeas corpus, compelling a rehearing on the question of his sanity.

The court's ruling is based on legal technicalities, and it suggests that a writ of habeas corpus be applied for, as Aldrich is now at liberty, his lawyers do not see how this can be done.

Aldrich, who is of Hawaiian parentage, was bequeathed by his father a large sum of money. He was to receive the benefit of the income so long as he was mentally disabled, and if he should recover, he was to get the whole amount. He was paroled from the asylum three years ago, and it is said he has been rational ever since.

CONCERNING THE RAISINS.

(BY THE NEW ASSOCIATED PRESS—P.M.)

STOCKTON, Dec. 6.—There is a movement on foot to corner the remainder of the crop of raisins. In fact, the raisins are practically consumed, according to the best advice. The "apocryphal" companies composing the Raisin Raisin Packing Company, which is known as the "High Five," has nearly all the raisins of the California Growers' Association in its grasp, and its agents are devoting themselves to securing the remainder of the crop, in the hope of higher prices.

A great demand for raisins, however, has been made in the market, and the raisin growers' association is warning of the season, as in the scramble for raisins, as also are eastern brokers.

The association has sold to the "High Five" 2200 cars of raisins, and on hand 400 cars not confirmed. The "High Five" has offered to take the 400 cars at the old figure, 2½ cents, but the association is holding them for 4-cent advance. Growers outside of the association have sold 750 cars, and it is estimated they hold 300 cars unsold. The struggle is for the possession of the raisins, as the Raisin Raisin Bros. of San Francisco, acting as agents for the "High Five," offered 3½ cents at Fowler yesterday, and Indurien & Co. of the "Low Five" offered 3½.

Although the American Raisin Packing Company has shipped 200 cars to the East, it is strongly suspected that the raisins have not been sold to dealers, but are held for speculative purposes.

President Kearney's cut in price early in the season to punish outside buyers, has acted in the nature of a boomerang, as the outsiders are being paid more for the raisins than the association.

TERROUR FORTUNES AWAY.

MISTAKE OF YUKON MINERS.

(BY DIRECT WIRE TO THE TIMES.)

VANCOUVER (B. C.) Dec. 6.—(Exclusive Dispatch.) According to a statement of C. S. Hurter, chief assayer of the Dominion government's gold-purchasing office of this city, platinum in large quantities is present in the gold brought to Vancouver from the Yukon, and Northern British Columbia. No effort has ever been made to obtain it, and Hurter says thousands of dollars must annually be lost to miners because they unknowingly throw away valuable platinum in the bottom and refuse of the sluice boxes. Platinum will not amalgamate with mercury as gold does. Great values are daily being thrown away from sluice boxes all over the country. There is a good market, for there are metallurgists all over the country ready to buy up every ounce that can be produced.

WORK FOR SMELTERS.

MANY MILLIONS IN ORE.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA (Wash.) Dec. 6.—(Exclusive Dispatch.) Contracts have been closed with the Pollard Steamship Company of San Francisco, and the Pacific Cold Storage Steamship Company, operating from Tacoma, for the delivery of ores to Tacoma and Everett smelters, valued at \$11,700,000. The contracts called for delivery of 20,000 tons of ore at the rate of 200 tons monthly. General Manager Pollard is now on the sound closing arrangements with the smelter companies. His company will obtain its ores from the California Sample Works of San Francisco, which will transport ore from points in Nevada, Arizona, Mexico, New Mexico, Southern California and as far south as South America.

The Pacific Cold Storage Steamship Company, which has accepted a year's contract with the Mechanic Gladiolus Mining Company of Ellamar, Alaska, will transport 1000 tons a month from that company's Ellamar copper properties. The total shipments will aggregate 20,000 tons, and the conservative estimate places the value of the ore at \$300,000 per ton. The value of the yearly output will reach \$3,000,000.

ILLEGAL USE OF MAIL.

SEVERAL INDICTMENTS MADE.

(BY THE NEW ASSOCIATED PRESS—P.M.)

SEATTLE (Wash.) Dec. 6.—The United States grand jury completed its sessions at this city last evening. Among the indictments returned were two for sending alleged obscene letters through the mails. W. A. Deeds and Herndon Lambert were arrested on this charge. Each of the men is alleged to have written unprintable language abusing a woman.

H. J. Fiesher, well-known Seattle physician is under arrest as the result of an indictment charging him with using the mails to advertise the sale of drugs for illegal purposes. He claims the charges are trumped up by enemies.

J. E. Swartz, who runs a collection agency, was indicted on the charge of sending dunning letters in envelopes which very plainly announced the purpose of the missives they inclosed.

MANY CARS OF HOPS.

RECORD-BREAKING SHIPMENT.

(BY THE NEW ASSOCIATED PRESS—P.M.)

PORTLAND (Or.) Dec. 6.—A trainload of hops consisting of forty-two cars has started on its way east today over the Oregon Railway and Navigation Company's line. This is the largest single shipment of hops ever sent across the continent. Two thousand eight hundred bales will go to London, and the rest to the Eastern States.

The product for London is consigned by the Oregon Hop Growers' Association, which advanced 9 cents a pound of hops. Of the 2,800 bales grown in Oregon this season, about 43,000 have been shipped away. Approximately 8000 bales remain in the hands of growers. Between 6,000 and 12,000 bales are controlled by speculators and dealers. In Washington perhaps 8000 bales of a crop of 28,000 bales are unsold.

BAD FOR JONATHAN.

MUST GIVE UP THOUSANDS.

(BY THE NEW ASSOCIATED PRESS—P.M.)

SAN JOSE, Dec. 6.—Schmoll vs. Schweigert was decided by Judge Rhodes today. By its terms Jonathan Schweigert, ex-Sheriff of Santa Clara county, must turn back to the estate of Adam Schweigert, deceased, a sum approximating \$68,000, which Jonathan claimed his father had left as a trust fund, and which he had disposed of by gifts to himself and various members of his family.

Adam Schweigert was a pioneer of this county, and died in 1898. His will was admitted to probate, and later, as his son, was appointed executor. The property was bequeathed in three equal parts to Jonathan, Caroline Schmoll, a daughter, and four children of a deceased son.

Upon the filing of the inventory, Mrs. Schmoll and the grand-children claimed that the executor had failed to account for a large sum of money. Jonathan insisted that this sum was a trust, and a part of it had been given to himself and family, as gifts from the decedent. Suit was commenced, and the court now decides that there was no trust.

FERRYBOAT INQUIRY.

CONFLICTING TESTIMONY.

(BY THE NEW ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Dec. 6.—The official inquiry into the loss of the ferryboat San Rafael was continued today before the United States local inspectors of steam vessels. The features of the proceedings were the testimony from the engine-rooms to the effect that the San Rafael had ceased backing just before the accident, and that both vessels, especially the San Rafael, were proceeding at a fair gait through the fog, thus contradicting the written statements of the two captains that

WEBER PIANOS.

All that Art has conceived or skill devised in the production of a piano is shown in the WEBER.

It's tone-quality, remarkable for purity, power and sweetness commands my admiration, and I find it wonderfully adapted to my voice.—JEAN DE RENZUS.

12 Carlsbad New Pianos just Arrived.

The Bartlett Music Co., 233-235 South Broadway.

They were under large storage ways. In every instance the San Rafael sailors said they heard the fog signals of the Sausalito on the starboard side. The Sausalito men agreed with their captain that the sounds were on the port side.

HOLD UP A SCHOONER.

RIGHT TO WORK DENIED.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA (Wash.) Dec. 6.—(Exclusive Dispatch.) A schooner from Hoquiam says that the schooner James A. Garfield arrived there from San Francisco November 30, and is loading with non-union men. In addition to the non-union men employed the captain took aboard a few well-known longshoremen, who formerly belonged to the Longshoremen's Union. The union demanded their discharge, which was not complied with. The union men then quit, and induced the sailors to quit, by paying them the wages due. They also endeavored to get the second mate to quit, but could not. They now threaten to use every effort looking to the discharge of the captain by his employers in San Francisco.

ROLLED DOWN PRECIPICE.

CRUSHED UNDER ENGINE.

(BY THE NEW ASSOCIATED PRESS—P.M.)

VANCOUVER (B. C.) Dec. 6.—At 5:15 o'clock this morning, as a Canadian Pacific freight train was proceeding east at a slow rate around a dangerous curve, 400 feet above the Fraser River, Engineer Randall suddenly came upon a rock slide scarcely fifty yards ahead of him. A signal was given to the brakeman, and the engine was reversed, but it was too late. The train was careening five miles an hour, but the heavy train behind piled the engine on the rocks, and before the engineer and fireman could jump the engine was jerked from the tracks and rolled over and over 300 feet down the sheer bluff toward the river. Engineer A. Randall and Fireman Pottruff were thrown out and crushed to death beneath the engine.

The dead men came from Kamloops. Randall leaves a widow and children. Pottruff was married only a few months ago.

CORONADO CONFESSED.

IMPORTANT NEW EVIDENCE.

(BY THE NEW ASSOCIATED PRESS—P.M.)

SAN JOSE, Dec. 6.—Important new evidence was introduced in the Coronado murder trial this afternoon, the case for the prosecution having been reopened for the purpose. Mrs. Nick Coronado, sister-in-law of the defendant, testified that after the arrest she visited the defendant in jail, and that he then told her that he had killed Narona. He asked her to go to his cabin and burn up all the scraps of paper she could find. She further testified that shortly after the murder she went to the cabin and outside found a twenty-dollar piece.

CHILD DIED IN AGONY.

FATAL RESULT OF PRANK.

(BY THE NEW ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Dec. 6.—Hazel Serpa, the three-year-old daughter of Frank Serpa, met a shocking death today as the result of a childish prank. She playfully took a handful of matches from a receiver and placed them in a glass of water, drinking therefrom after toying with the matches for some time.

The child was seized with cramps, and although the distracted parents summoned a doctor immediately, little Hazel died in great agony within an hour.

ALL TO HIS WIFE.

WILL OF GEORGE PULLMAN.

(BY THE NEW ASSOCIATED PRESS—P.M.)

REDWOOD CITY, Dec. 6.—The will of George M. Pullman, son of the millionaire car manufacturer, who died at San Mateo on Thanksgiving Day, has been filed for probate in the County Clerk's office by a San Francisco attorney, who represents Mrs. Pullman.

The document, which was written at the bedside of the young man three days previous to his death, makes his wife, Sarah H. Pullman, his sole heir.

The petition for probate sets forth that the estate of the young man, who died at the age of 28, was worth \$500,000, and that the heirs at law, so far as known, are the mother of testator, Hattie Sanger Pullman of Chicago, and his wife, Mrs. M. J. Pullman of Menlo Park. The latter asks that letters of administration be issued to her.

Monday, December 23, is the date fixed by the court for proving the will.

HEAD SEVERED FROM BODY.

FELL ON MOVING CABLE.

(BY THE NEW ASSOCIATED PRESS—P.M.)

JAMESTOWN, Dec. 6.—A shocking accident occurred at the Eagle Shawm mill mine, seven miles south of here, this morning. The company's mill was being started up under the direction of George A. Webster, a millman. In moving about he slipped on the wet floor and fell. The upper part of his body fell on the rapidly-moving wire cable connecting the electric motor with the main shaft. In an instant the unfortunate man was drawn up against the big pulley, and his head severed from the body.

BLOODSHED IN CHINATOWN.

TWO WONGS THE VICTIMS.

(BY THE NEW ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Dec. 6.—There has been more bloodshed in Chinatown. In the presence of at least half a dozen white men, Wong Giet, a Chinese laborer, was fatally shot on Commercial street, near Kearney, this afternoon, dying a short time after receiving his wounds.

Four shots, all of which took effect, were fired at him from behind, at close range. Three Chinese who were seen following Wong Giet have been arrested on suspicion. Yee Loon has been identified by Dan Love and Ernest Olson, both boys, as the man who did the shooting. They say the crime was committed with a long revolver, which

PARENTS

Freely express their great appreciation of this store and the great satisfaction it is to shop here. The same high standard is being maintained—no temptation will be strong enough to swerve us from the path of quality and thoroughness, which proves to be the straightest road to success.

Whether you choose from suits at \$2.50 or those at \$6.00 and up the satisfaction is the same, for the proportion of extra value that we offer is just as large. Special showing for the holiday season. You are welcome to look.

WILL SOON HAVE JURY.

LOOKOUT LYNNING CASE.

(BY THE NEW ASSOCIATED PRESS—P.M.)

ALTURAS, Dec. 6.—During the last two days in the Superior Court eighteen talesmen have been examined, and the selection of a jury in the Brown murder case is nearing an end.

BRIEF COAST DISPATCHES.

Cannot Find the Wreck.

SAN FRANCISCO, Dec. 6.—All attempts to locate the submerged hull of the ferry steamer San Rafael have been abandoned for the time being at least.

Necessary Expansion.

SEATTLE (Wash.) Dec. 6.—Condemnation proceedings for the United States Government land at Fort Worden, were commenced yesterday in the United States District Court. A hundred property owners are defendants.

Strikers Return to Work.

OAKLAND, Dec. 6.—The Oakland Iron Works has made a settlement with the striking iron workers, the men beginning to work today. The day of nine hours, and an increase of 2½ cents an hour in wages.

Safe After Many Mishaps.

PORT TOWNSEND (Wash.) Dec. 6.—The long-overdue steamer Elk No. 1 arrived today, forty-seven days from Nome. She is the last of the Alaska fleet of steamers to arrive. The Elk brought five passengers, and according to their story the steamer had a most eventful voyage, having many narrow escapes from being wrecked.

Cold Water Ticket.

PORTLAND (Or.) Dec. 6.—The Prohibition State Convention today nominated a full State ticket, with Rev. A. J. Husker of Yamhill county for Governor.

Mail Coming from Nome.

SEATTLE (Wash.) Dec. 6.—The first mail from Nome, according to the fall's plans, has left that camp for its overland trip. It is expected to arrive in this city about January 1.

Libels the Nelson.

SEATTLE (Wash.) Dec. 6.—The Pacific Coast Company today filed with the clerk of the United States District Court a petition instituting libel proceedings against the British ship Nelson.

Fell from Window.

SAN FRANCISCO, Dec. 6.—Mrs. E. Black, an elderly woman, fell from a second-story window today, sustaining a fracture of the skull and a broken leg. It is believed she cannot survive her injuries.

Seeds for the Trade.

STOCKTON, Dec. 6.—The Cox Seed Company of San Francisco has secured a tract of 300 acres of reclaimed land in San Joaquin county on which they will produce seeds of all kinds for the trade. They expect to increase the acreage next year by the addition of another 300-acre tract.

After Dram Sellers.

BERKELEY, Dec. 6.—A crusade was commenced today against the violators of the law which prohibits the sale of intoxicants within a mile of the State University. Four warrants were sworn to by a private detective employed by a citizens' committee, and two arrests made.

Death Due to Abortion.

SACRAMENTO, Dec. 6.—T. M. Lash, a prominent citizen, formerly a drugist of this city, was today arrested on a charge of murder for causing the death of a young woman named Mrs.

Wale's

Good Goods

101-103 North Spring Street.

Replying to Our Advertisements

Probably at least half the women who read the newspapers read the Wale's advertisement each day. The news of the Wale's store is investigation.

Sumptuous Hosiery Stock

With we could half express the attractions gathered here in the way of beautiful fancy hosiery. Plainly speaking you'll not find such striking designs the city over, not on the coast except you go to the other Wale's store.

We'll Promise More Patterns, We'll Promise Newer Patterns, We'll Promise Finer Quality, We'll Promise Less to Pay.

And if you'll accept our invitation to come and inspect, your own eyes will make you enthusiastic.

Complaining

about your Soap Powder?—look at your package; you'll find it isn't PEARLINE. Women are correct thinkers as a rule, but some only think they use PEARLINE; they are using a cheap imitation. Others call all washing powders PEARLINE. This is because PEARLINE is the original, standard, best known and safest, and is the mark for all imitations.

RESOLUTIONS BY THE REAM.

Work Cut Out for Fed-
eration of Labor.

Want All Asiatics Shut
Out of Country.

Credentials Committee Trying
to Pour Oil on Troubled
Waters.

(BY THE NEW ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, Dec. 6.—The con-
vention of the American Federation of
Labor, composed of much routine busi-
ness today. Two sessions were held.
The overshadowing feature of the
day was the address of Edward F.
McSweney, deputy Commissioner of
Immigration at the port of New York,
the subject of immigration. He
spoke for more than an hour, and was
generously applauded for the great
amount of information that he gave
the delegates. During the course of
the two sessions, eighty-eight resolu-
tions were presented and referred to
committees. They cover nearly all
subjects that affect workmen.
Among the more important resolu-
tions were these:

Denouncing Wu Ting Fang, the Chi-
nese Minister, for having made the
alleged remark that when the Ameri-
can people are "biased," they are be-
yond argument, and reason does not
appear to them.
Asking workmen to unite for indepen-
dent political action in a party
having for its avowed object the over-
throw of the capitalist system of
production and distribution, and the
establishment of the cooperative com-
munitarianism.
Asking Congress to amend the
Gerrit Act so as to exclude Chinese,
Japanese, Malays and all people of
Asiatic extraction, and to prevent the
use of the American Pacific Island pos-
sessions as a bridge over which ex-
cluded races may pass to the United
States.
Denouncing anti-slavery legislation
because the ticket brokerage business
is legitimate, a convenience to the
public, and a means of cheapening
costly travel.
Asking Congress for the right of
citizenship for the citizens of the
District of Columbia.
Providing for a general defense fund
by levying a tax of 2 cents per month
on every man in the Federation of
Labor.

MORNING PROCEEDINGS.
(BY THE NEW ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, Dec. 6.—The first
hour of the second day's session of
the American Federation of Labor to-
day was taken up by the calling of
the roll, and the reception of resolu-
tions, which were not read, but were
sent to appropriate committees.

There are several contests over the
seating of delegates yet undecided. One
of the most important is brought by
Francis Dignam, of the United
Workers Union, against the seating
of D. B. Wood, president of the
Carmaca, Montana, and Spokane
Workers International Union. His
fight against President Wood is not
personal, but one over the question of
jurisdiction in laying on strike.
The Credentials Committee is trying
to arrange all disputes amicably, so
as to avoid any friction in the con-
vention.

Delegate Dietrich of Washington, D.
C., presented a resolution protesting
against subsidy legislation by Con-
gress, and another resolution called
for the appointment of a committee to
draft a memorial to Congress to pro-
hibit the granting of injunctions by
courts against organized labor. Other
resolutions provide for boycotts against
concerns located in various parts of
the country; giving seamen the full
right to quit any merchant vessel on
which the service has been objection-
able to him, and for universal labor.
Edward F. McSweney, Deputy Com-
missioner of Immigration at the port
of New York, addressed the delegates.
He reviewed the history of emigration
from the dawn of the present, and then
explained the method of enforcing the
present law.

The spirit of the law, he said, is be-
ing violated by the whole sale.
He recalled the railroad wreck on the Wa-
bash last week, in which a number of
immigrants were killed, and asserted
that these immigrants were no doubt
under contract to work in California,
to which State they were en route
when their lives were crushed out.
Speaking of the Chinese Exclusion
Act, McSweney said the Japanese
should also be excluded from the
United States, because they are more
undesirable than the Chinese. All
the pending legislation before Con-
gress to remedy the present evil will
only make more confusion. Labor con-
tractors, he said, are each year per-
fecting their methods for bringing
aliens to this country, and the Bureau
of Immigration is not doing extended
work.
At the conclusion of Mr. McSweney's
address, recess was taken until 1 p.m.

GUGGENHEIM'S NERVE.
Bringing into Colorado Ores from
Their Mines in Chile and Thus Throwing
a Thousand Men Out of Work.
(BY DIRECT WIRE TO THE TIMES.)

LEADVILLE (Colo.) Dec. 6.—[Ex-
clusive Dispatch.] Discrimination
against Colorado miners has thrown
3,000 men out of work in the sulphide
mines of this district, and they are
told there is no market for their ores
unless they choose to sell their mines
to members of the smelter trust, who
will operate them and take all the
profits. The prices placed on the
property are less than half their value,
so the mine owners refuse to sell,
preferring to wait for Congress to
take some action.

The Guggenheims are bringing into
Colorado 25,000 tons of sulphide ores
from their mines in Chile, where 8,000
Indians are employed, while the
American miners within five miles of
their smelters cannot find sale for
ores that are recognized as most de-
sirable from a metallurgical stand-
point.

BURNED TO DEATH.
NEW ORLEANS, Dec. 6.—In a fire at
Bayou des Allemands, La., early to-
day Miss May Ernest, aged 17, and
Florence de la Bretonne, aged 15 years,
were burned to death. They were
prominently connected in New Orleans.

FIRE AT WILKESBARE.
WILKESBARE (Pa.) Dec. 6.—Fire
tonight destroyed the dry goods store
of Langford Bros. Loss, \$125,000.

NEW YORK TRAGEDY.

Young Lovers Sought Death Rather
Than Go Home and Brave the Dis-
pleasure of Their Parents.

(BY THE NEW ASSOCIATED PRESS—A.M.)
NEW YORK, Dec. 6.—Herman
Treetz, 19 years of age, was placed on
trial in the Richmond County Court,
on an indictment charging him with
manslaughter, in that he was responsi-
ble for, and aided in the death of Ida
Dupuy, 18 years of age, his sweet-
heart. The jury disagreed, and was
discharged. It is not likely that he
will be tried again.
Treetz and the girl were in love, and
wanted to be married. This was for-
bidden because of their ages. On July
22 they left their homes at Fresh
Kills, Richmond borough, and spent
that afternoon and evening at Midland
Beach. There, their money became ex-
hausted, and they feared to go home.
In their plight they went to the fish-
ing pier, and oyster shop James Polli-
be-longing to Austin Dupuy, father of the
girl. When found there both were
wounded, and the girl's wounds were
fatal.

Treetz, on the stand, said he was not
in the cabin when the girl shot her-
self.

About dark, he went on the deck for
a smoke. He was there about five
minutes when he heard a shot in the
cabin, and dropping down, found the
girl with a bullet hole in her neck. He
did not know whether she committed
suicide or shot herself accidentally.

CHICAGO ANARCHISTS
CHEER FOR CZOLGOSZ.

SCENE OF INTENSE EXCITEMENT
FOLLOWS DEMONSTRATION.

Abram Isaacs Lauds the Character of
the Assassin in Answer to Challenge
That Anarchists Dared not Condone
the Crime in Buffalo.

(BY THE NEW ASSOCIATED PRESS—A.M.)
CHICAGO, Dec. 6.—President Mc-
Kinley's assassin was cheered pub-
licly in Chicago last night. A chal-
lenge from the platform that anarch-
ists dared not condone the crime at
Buffalo, was met with a vigorous
"You're a liar."
Abraham Isaacs, the recognized
leader of the "reds" in this city, and
editor of Free Society, declared openly
that he could not condemn the as-
sassin's act. He said that as to per-
sonal merit, he took a second place to
Czolgosz.

The confession of Isaacs was accom-
panied by a scene of intense excite-
ment. It was the climax of the debate
on "Socialism and Anarchy," and
when the audience of over 1,000 had
been aroused thoroughly by wild, ora-
torical denunciations.
"Hurrah for Czolgosz," shouted a
man in the gallery, swinging his hat
above his head.
Hisses, jeers, yells of approval and
cat calls came from all parts of the
house. The crowd rose to its feet,
and a riot was only averted by the
prompt action of the chairman.

YALE'S DEBATORS WIN.

Joshua Sibley of Los Angeles One of
the Team That Got Away With the
Princeton Orators Last Night.

(BY DIRECT WIRE TO THE TIMES.)
PRINCETON (N. J.) Dec. 6.—[Ex-
clusive Dispatch.] The ninth an-
nual debate between Yale and
Princeton was won tonight by Yale.
It was closely contested, the judges
remaining out almost thirty minutes
before they were able to make a de-
cision. The question was: "Resolved,
that the adoption of the fifteenth
amendment to the Constitution of the
United States has been justified." Yale
defended the negative. Princeton's
debaters were: Robert W. Anthony of
Watertown, John F. Steen of Philadel-
phia, and James J. Forrestal of Chicago,
and Yale's team was Joshua Sibley of
Los Angeles, Robert H. Ewell of Wash-
ington and Charles D. Lockwood of
Stanford, Cal.

Hon. George D. McCreary of Penn-
sylvania presided, and the judges were
A. H. Baldwin, Jr., president of the
Long Island Railroad; Prof. J. B.
Clark of Columbia University, and Hon.
Charles S. Fairchild, formerly Secretary
of the Treasury, all of New York City.
Each university now has four victories
to its credit, and one contest was a
draw.

BROKE THROUGH ICE.

Daughter of Ontario Cabinet Officer
and a Newspaper Editor Drowned in
Ottawa River.

(BY THE NEW ASSOCIATED PRESS—P.M.)
OTTAWA (Ont.) Dec. 6.—Miss Be-
sie Blair, daughter of A. G. Blair, Min-
ister of Railways and Canals, and H.
A. Harper, assistant editor of the La-
bor Gazette, were drowned in the Ot-
tawa River this afternoon. They were
in a private skating party, and be-
coming separated from the others,
broke through the ice at a point where
the river is swift.

PLASHES FROM THE WIRES.

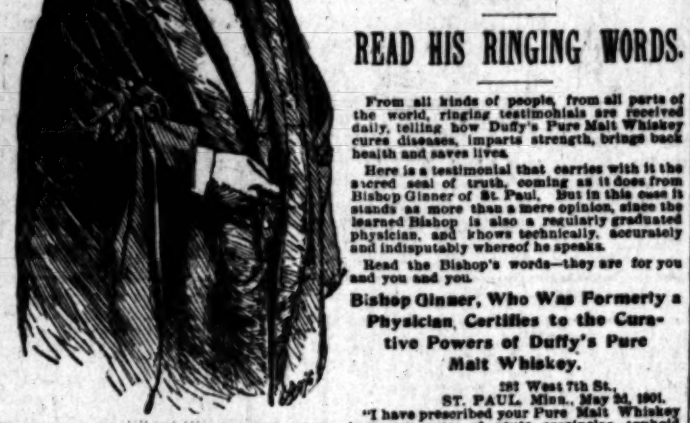

There were four new cases of plague
and one death from the disease in Rio
de Janeiro on Tuesday.
The Peruvian Chamber of Deputies
has sanctioned the gold-standard law,
which has already passed the Senate.
A tract of 1,000 acres near Rowlands,
Pa., has been purchased by a score
of Norwegian families, who purpose
forming a colony.
Albert P. Phillips and Louis Brooks,
have been found guilty of murder in
the first degree at Storm Lake, Iowa,
and the penalty fixed at death.
Bud Wilson, the convict who killed
R. H. Taylor, guard of the Tell
county convict camp, last September,
was hanged yesterday at Danville,
Ark.

Traffic was moving promptly yester-
day, the railroad affected by the
Pittsburgh switchmen's strike, and the
freight blockade is being rapidly
cleared.

Miss Maud Nicholson was burned to
death at Holland, Tex., by the ex-
plosion of a coal oil lamp. Robert Star-
ford and son Walter were badly burned
about the hands in trying to ex-
tinguish the fire.
A human skeleton, thought to be
that of Fred Kreinsen, who mysteri-
ously disappeared seven years ago,

SURE REMEDY.

That's the Positive Language of the
Medical Expert, Bishop Ginner of
St. Paul, Speaking of Duffy's
Malt Whiskey as a Cura-
tive and Stimulant in
Typhoid and Other
Ailments.

READ HIS RINGING WORDS.
From all kinds of people, from all parts
of the world, ringing testimonials are received
daily, telling how Duffy's Pure Malt Whiskey
cures diseases, imparts strength, brings back
health and saves lives.
Here is a testimonial that carries with it the
sacred seal of truth, coming as it does from
Bishop Ginner of St. Paul. Not in this case is
it more than a mere opinion, since the
learned Bishop is also a regularly graduated
physician, and knows technically, accurately
and indisputably whereof he speaks.
Read the Bishop's words—they are for you
and you and you.
Bishop Ginner, Who Was Formerly a
Physician, Certifies to the Cura-
tive Powers of Duffy's Pure
Malt Whiskey.

ST. PAUL, Minn., May 23, 1901.
"I have prescribed your Pure Malt Whiskey
in severe cases of acute erysipelas, typhoid
fever and kindred diseases requiring a stimu-
lant. Its action is positive, its therapeutic
power is certain and more marked than even
the best grade of imported Cognac. It cheerfully
recommends itself for public use. In cases of failing
health and strength, which precede the typhoid state,
and the condition of unhealthfulness
necessary to promote diarrhoea and cholera infantum,
general debility, nervous prostration, etc.,
it is in all such cases a sure remedy. Yours truly,
S. B. GINNER.
If you are sick and run down, write our Medical Department. It will cost you nothing to
learn how to regain health, strength and vitality. Medical booklet sent free.

CAUTION—Our patrons are cautioned against so-called DUFFY'S MALT WHISKY
offered for sale in bulk and in any other than our Patent Bottles, with our name blown in same.
DUFFY'S PURE MALT WHISKY is sold in sealed bottles only. Offered in any other form
it is not the genuine.
To any reader of The Times who will write us we will send free two of our patent glass
bottles for whisky, stout, etc. Send 4 cents in stamps to cover postage. They are
unique and useful.
It is the only whisky recognized by the Government as a Medicine. This is a guarantee. All
druggists and grocers or direct, 11.00 a bottle. DUFFY'S MALT WHISKY CO., Rochester, N.Y.

has just been unearthed on the farm
near Milan, Ill., formerly occupied by
Henry Bastian who, in 1896, ended his
life by hanging himself on the eve of
his arrest.
The Department of the East has de-
cided that a soldier should not be
punished for alleged intoxication due
to the drinking of cider containing in-
toxicating ingredients obtained at the
post exchange. Private John W. Don-
ohue, Sixth Company, Coast Artillery,
who bought the cider at the post ex-
change, was convicted by court-martial
at Fort McPherson, Ga., of drunk-
ennes on duty and was sentenced to
three months' confinement at hard la-
bor and to forfeit \$50 of his pay, but
Brooke has disapproved the sen-
tence.
Secretary Hay yesterday received a
deputation, headed by Charles Ly-
man of the Reform Bureau, who pre-
sented a large petition on the subject
of prohibition of the sale of opium.
A dispatch from Allahabad says that
Gen. Denning's column from Jandola
has been raiding the Mahaud village in
Waziristan, and has had ten men killed
and sixteen wounded.
Samuel Warrington, the young ap-
prentice employed in the machine shop
at the Union Iron Works, San Fran-
cisco, who was accidentally shot in the
stomach, Thursday afternoon, while
examining a revolver on the steamer
Spokane, died yesterday.

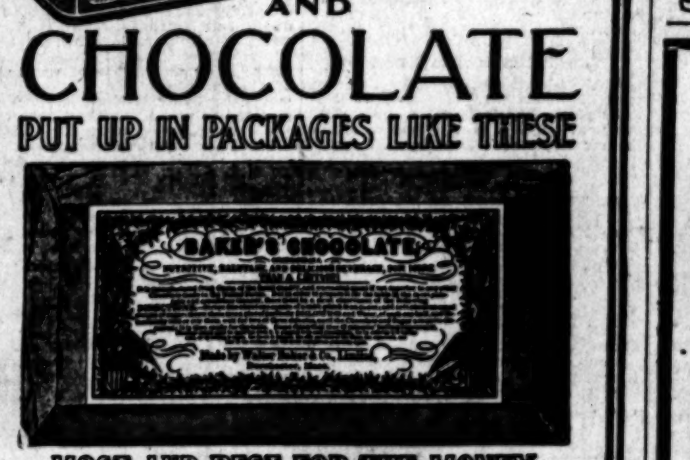

The Presbyterian Committee on the
Revelation of the Creed occupied much
of their session at Washington yester-
day with a discussion of the divine
purpose, which will be incorporated as
one of the articles of the brief doctrinal
statement. There was considerable
difference of opinion as to the expres-
sion of opinion in the statement of the
creed, but it was explained that the
divergence of views was as to the
phraseology, and not as to the concep-
tion of the divine purpose.

'FRISCO WANTS THE BANK.
MEXICO CITY, Dec. 6.—At today's
session of the Pan-American confer-
ence, John Barrett of the United States
delegation presented a letter from E.
S. Goodwin, director of the Pacific
Commercial Museum of San Francisco,
asking that the branch of the pro-
posed Pan-American Bank be estab-
lished at San Francisco, which would
enlarge trade relations of the entire
work.

Pacific Coast with South America. The
letter was referred to the Pan-Ameri-
can Bank Committee.

TOLSTOI AT WORK AGAIN.
LONDON, Dec. 7.—Count Leo Tol-
stol has quite recovered from his re-
cent illness, telegraphs the Odessa
correspondent of the Standard. He
takes daily walks and has resumed his
work.

[illegible]

THE CITY IN BRIEF.

AT THE THEATERS.

LOS ANGELES—Rita Van Winkle.
DURHAM—Queen of Hayti.
ORPHEUM—Vandeville.

NEWS AND BUSINESS.

Bankrupt Farmer.

William H. Haislip, a farmer of Arroyo, yesterday filed a petition in bankruptcy in the United States court here. He states that he has liabilities to the amount of \$467.38, and assets amounting to \$135.

Mrs. Miller Goes Home.

Mrs. Miller, mother of Mrs. John Sampson, who was murdered Tuesday by her husband, returned yesterday to her home in Norwalk, having been in the care of the matron at the Police Station for the past three days.

Death from Alcoholic Mania.

No inquest was held on the body of Charles Mahon, the young man who was found wildly drunk on Temple street early yesterday morning, and who died a few hours later at the Receiving Hospital. Dr. Leubsdorf issued a certificate to the effect that death was due to alcoholic mania.

L.O.T.M. Officers.

Los Angeles Hive, No. 1, of the Ladies of the Maccabees, elected the following officers last Thursday night: Jennie Weaver, P.C.; Clara Gifford, L.C.; Eliza Bowles, L.C.; Mary L. Dennis, R.C.; Katie Wilber, W.C.; Sadie Johnson, M. at A.; Essie Ashby, Sergeant; Eliza Clapper, Sentinel; Nettie Proctor, Picket; Bessie Mendell, musician.

Sims Old Racket.

Secretary, Zephaniah, of the Merchants' and Manufacturers' Association has refused his indorsement to a scheme for a guide book to the "drives and attractions of Los Angeles." The promoters proposed to get out a volume of ninety-six pages with eighty of them pure advertising. The estimate showed that there was \$2100 in it for them—and precious little for the city.

High School Congress.

The High School Congress met yesterday in the High School auditorium, and after installing officers for the new term, listened to a good programme. The following are the officers: Charles Shingler, president; Miss Robert, secretary; M. J. Hubbard, treasurer. The programme included a violin and piano duet by Miss Wilber and Mr. Ransom, an oration by Mr. Hubbard, and an address by William F. Lusk, editor of the American Debater, entitled "A Plea for Oratorical Culture."

Native Sons' Officers.

Los Angeles Parlor, No. 45, N.S.G. W., has elected the following officers for the term beginning January 1: President, H. C. Miller; first vice-president, I. W. Hirsbaum; second vice-president, A. E. Brodke; third vice-president, F. K. Eckley; secretary, Bert Farmer; treasurer, Walter J. Thompson. Thirty-third degree. The festivities lasted till a late hour. The committee in charge of the arrangements and catering consisted of Franklin Jordan, Henry Baer and C. H. Eason. The music was furnished by the Ladies' New Era Orchestra, composed of Misses Mabel and Edna Knudson, Alice and Martha Riek and Lavelle Knox.

Climatic Tributes.

The Chamber of Commerce has had a beautiful addition to its fish pond in the shape of brilliant water lilies, donated by E. Sturtevant of Hollywood. These tender flowers are a rare December tribute to the gentleness of Los Angeles climate. Rivers Bros. placed brandywine strawberries on exhibition yesterday which measure 7 1/2 inches in circumference and are probably the largest ever grown in this region.

Inquest on Jose Martinez.

A coroner's jury yesterday found that Jose Martinez, who expired on Thursday morning at the County Hospital, came to his death through the inhalation of gas Sunday in a Commercial-street lodging-house, and that suicidal intent may have prompted him to turn on the gas and lie down with Frank Tansola, who was found dead at her side. A sister of the dead woman testified that Jose had been dependent for some time because of financial troubles.

Big Bond Issue.

The Pacific Electric Company, which is to equip and operate the Huntington-Hillman and the Huntington-Hillman interurban lines, will issue bonds to the amount of \$10,000,000. The issue was decided upon by the company's board of directors at a meeting held here on November 23. The paper will be floated February 8, sixty days' notice being necessary. The securities will be in the denomination of \$1000 each, and will bear interest at the rate of 5 per cent. a year, payable semi-annually. The large indebtedness will be secured by a first mortgage on all properties of the Pacific Electric Company.

BREVITIES.

"Modern Pictures From the Old Book—A Study of the Parables of Christ, with Present-day Meanings," No. 2, "Learning to Wait." This will be the Rev. Dr. George Thomas Drevling's topic at Christ Episcopal Church, Flower street, corner Pico (13th street), tomorrow at 11:30 a.m. Musical service, and "Sunday at Night" by the choir at 7:30 p.m. At evening service all seats free. University and Pico Heights cars pass the door.

Send donations of cast-off clothing, furniture or food supplies to the Good Samaritan department of the Bethlehem Institutional Church, Vignes and Thompson streets, or telephone John 28, and wagon will call. Office hours during summer months 11 to 13 daily.

At the First Methodist Episcopal Church tomorrow Rev. George Hough will preach in the morning on "A Religion that Will Stand the Test." In the evening Rev. Dr. Cantine will preach on "Good News."

The subject of the sermon by Rev. J. S. Thomson at the Independent Church of Christ (Simpson Auditorium) on Sunday morning will be "Christ's Doctrine of Repentance."

W. C. Weld will speak at Y.W.C.A. Sunday 4 p.m., subject, "The Women of the Bible."

Special offer. Fine cabinet photos reduced, \$1, \$1.75. Sunbeam, 226 S. Main.

There are undelivered telegrams at the Western Union telegraph office for J. P. Schweitzer, George B. Smith, Alexander Bell, Homer M. Hall, John Thomas, C. H. Bates, Ivan Mitchell, J. W. Lyons and Mrs. Clark Wallace Stewart.

MASONIC FESTIVITIES.

Thirty-second Degree, Scottish Rite, Conferred Upon a Class of Fifteen Candidates—Elaborate Banquet Served.

Los Angeles Consistory, No. 3, Ancient and Accepted Scottish Rite Masons, conferred the thirty-second degree on a class of fifteen candidates last night. This is the largest class ever initiated by this consistory at one time, and the event was celebrated with much eclat.

The gentlemen who took the degree and survived the ordeal are Alexander Charles Brodie, Henry Braun, John Kahn, William Augustus Hammel, Nathaniel Willis Myrick, William P. Jeffries, Robert Wankowski, Harry Chandler, George E. Pillsbury, R. H. Herron, C. H. Eason and R. M. Scriber, all of Los Angeles; John William Edwards of Redlands, William Max Waterman of Oxnard, and Mamer I. Tappan of Bakersfield.

After the initiation a banquet was served, which is said to have been about the most elaborate affair of the kind ever seen in this city. The decorations of the dining hall were very artistic and strikingly effective. At one end of the room was the Masonic emblem, the compass and square, worked out in colored electric lights, and at the other end of the hall a large five-point star, similarly illuminated. The color scheme of the tables was red, white and green, vases filled with red and white carnations and green foliage, being placed at frequent intervals along the banquet board. The chandeliers overhead were swathed in a mass of green cypress boughs, through which gleamed softly-shaded purple electric lights.

Covers were laid for 147. The menu, which was prepared by the head chef of San Francisco, was as follows:

Soup
California oysters, half shell
Chateau Yquem
Chicken consommé
Relishes
Anchovies in oil. Pate de Foie gras.
Celery.
Fish.
Salmon, sweet and sour.
Grand Vin Margaux.
Chicken salad.
Entrées
Meat sweetbreads and chicken livers.
Asparagus. Mayonnaise.
Pigeons stuffed with chestnuts and mushrooms.
French peas. String potatoes.
Dessert.
Champagne, G. H. Mumm.
Bouchees. Cheese.
Gorgonzola. Maringues.
Fruits, nuts and raisins.
Black coffee and cognac.
Frozen cream de menthe.
Cigars.

Toasts were responded to as follows: "The Supreme Council," S. Conradi. Thirty-third degree, Deputy Sovereign Grand Inspector-General; "Visiting Brethren," Charles J. Wille. Thirty-third degree; "Kindred Bodies (York Rite)," Henry S. Orme, Thirty-second degree, K.C.C.H., Past Grand Master; "The Scottish Rite," Walter J. Thompson, Thirty-third degree.

The festivities lasted till a late hour. The committee in charge of the arrangements and catering consisted of Franklin Jordan, Henry Baer and C. H. Eason. The music was furnished by the Ladies' New Era Orchestra, composed of Misses Mabel and Edna Knudson, Alice and Martha Riek and Lavelle Knox.

WEDDING GUESTS POISONED.

PRAIRIE DU SAC (Wis.) Dec. 6.—Sixty-five persons were poisoned at the wedding feast at the home of John Mulkey, a West Point, near this place. It is believed there was poison in the coffee. Physicians were summoned from Lodi, and after several hours' hope was given that all would recover. Some of the coffee has been sent to a chemist to be examined.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday from the office of the County Clerk: Alessio N. Catta, aged 35, a native of Italy, and Gundolpe Andrade, aged 24, a native of California; both residents of San Francisco. Harry B. Craig, aged 28, a native of Pennsylvania and a resident of Chicago, and M. Francis M. Clark, aged 28, a native of Illinois and a resident of Los Angeles.

BIRTH RECORD.

IRBY—Born to the wife of A. K. Irby of No. 29 Everett street, a girl.

DEATH RECORD.

Evening Attire

WHAT TO WEAR

WHEN TO WEAR IT

By B. GORDAN

The second of a series of four articles on Correct Evening Attire

The evening dress coat, which is, of course, proper for every occasion after twilight, in the evening, differs from that of last season in but few particulars. The collar and lapels are more closely fitted, the sleeves are longer and more pointed, and the skirt facing generally covers both the lapels and the skirt. All this applies also to the semi-evening style, which though not as smart as the other, is far more popular.

The dress vest, in the majority of cases, is double-breasted, and the trousers are of medium width and shapely, with a slight bottom spring. Zig-zag and serpentine braids are used on the vest, which, as for some seasons past, are sometimes used on the trousers, but are not of wide silk braid as formerly.

White silk, green, blue, and white pique are the most popular. When a white dress is worn plain gold buttons are used, and sometimes jeweled buttons are favored. While ninety-five per cent of the evening dress suits in the country are made from soft black cloth, generally creased, there is a tendency in some circles to adopt soft folds of a gray cast.

The chief accessories to be worn with a dress suit are an opera hat or a silk hat; either a straight standing or overlapping collar; a white lawn, cambric or pique tie in modified butterfly effect, and a plain linen blotted pocket square. The collar and lapels are more closely fitted, the sleeves are longer and more pointed, and the skirt facing generally covers both the lapels and the skirt. All this applies also to the semi-evening style, which though not as smart as the other, is far more popular.

The jewelry worn with evening dress should consist of two or three pearls, white enamel or plain gold studs; plain or jeweled link cuff buttons; a chain of silk fob, or a very fine platinum and gold watch chain, or, if desired, a key chain of silver, gold or platinum and gold, running from the pocket in the trousers back to the right hip pocket. At one end of the chain the watch is attached and at the other the wearer's keys. This is considered very smart, as it shows nothing in the way of jewelry.

EVIDENCE OF PROSPERITY.

Building Department's Annual Report.

Increase in Value of Improvements.

Gain of Sixty Per Cent. Over Previous Year—Some Figures.

An increase of nearly \$2,000,000 in the value of improvements over the previous year is a striking evidence of the city's prosperity shown in the annual report of the building department, made public yesterday by Julius W. Krause, Superintendent of Buildings. This is an increase of more than 60 per cent., and in total amount and percentage of increase is far ahead of any other year in the past decade, the nearest approach being in the fiscal year ending December 1, 1895.

The total value of improvements made last year was \$4,699,136, and the number of separate permits issued was 2730. For the year ending December 1, 1900, the number of permits issued was 1852, and the value of improvements \$2,459,006. To the improvements noted \$5,686,750 should be added, being the amount expended by the city, for which no building permits are necessary, according to the ordinance. This makes a grand total of \$10,185,786 expended in building operations in Los Angeles in the past year. Although labor and material have advanced in price, it is notable that the number of separate permits shows an increase of 378 over the preceding year.

Mr. Krause calls the attention of the Council to the necessity of an immediate revision of the general building ordinance of the city, many of the important provisions of which, he says, are so ambiguous in their construction as to be a source of constant embarrassment to the officers whose duty it is to interpret and enforce them, and he suggests that the subject be referred to the City Attorney, with instructions that he cooperate with the building department in preparing and reporting such amendments as may seem necessary and proper.

Mr. Krause notes that he has insisted that the owner verify the property before building thereon, thus avoiding the system of the Los Angeles building department. The annual report of the plumbing inspector, submitted by Mr. Krause, shows a total of 2687 permits issued, and 5529 inspections made.

The following summary is given by the Building Superintendent:

Year and month	Permits	Amount.
December, 1900	248	\$1,045,000
January, 1901	258	1,250,000
February	275	1,300,000
March	285	1,350,000
April	295	1,400,000
May	305	1,450,000
June	315	1,500,000
July	325	1,550,000
August	335	1,600,000
September	345	1,650,000
October	355	1,700,000
November	365	1,750,000
Totals	2730	\$4,699,136

Number of permits issued and value of the different classes of buildings during the fiscal year December 1900 to December, 1901:	
Brick business buildings	78 \$ 660,200.00
Brick and stone residences	4 33,000.00
Two-story frame residences	516 1,425,000.00
One-story frame residences	908 909,165.50
Frame stores	35 42,254.00
Frame flats	30 294,375.00
Churches	6 5,800.00
Stables, sheds, etc.	253 44,529.00
Miscellaneous	53 301,110.00
Alterations and additions	637 277,100.00
Repairs on account of fire	7 2,065.00
Removals	153 21,772.00
Total	2730 \$4,699,136.00

The following building has been done by the city during the last year:

New schoolhouse (brick) at Twenty-first street and Central avenue by Board of Education; total cost, \$25,000.

Additions by Board of Education to various schoolhouses, amounting to \$41,100.

Remodeling large room of second story of City Jail, making two rooms for Prosecuting Attorney's office, and

also new window in clerk's room; total cost, \$437.

Band stand in Hollenbeck Park, total cost \$1185.

New engine-house for Los Angeles fire department on South Hill, between second and third streets; total cost, \$11,784.70.

WARD BY WARD.

Ward	Number of permits	Value
First	174	\$143,921.00

1901	2730	\$4,699,136

SEVENTH CALIFORNIA.

Regimental Frolic—Things to Make Them Remember Fog and Things to Make Them Forget It.

The Seventh California Veterans' Association gave a regular blow-out last night at the Armory. It was really about the first reunion of the men who volunteered with the Seventh Regiment during the war.

To make them think of the fog-driven camps of San Francisco, where they lay so long, they had beans for refreshments. Then they had punch and other things and cigars to make them forget it.

In the middle of the big hall was a platform hedged in with green and flowers, and on the platform were piano and a couple of tables for the officers, a photograph and a big stump.

Over in one corner of the hall was a counter, over which Drum Major Lehn and Messrs. McKee and Huston kept going a steady stream of edibles and liquids. The corners of the pl. form were spiked with colors, one stand being the regimental colors with the coat of arms of California.

About 150 men of the old regiment responded to the bugle call which summoned the faithful together.

The exercises opened with the singing of "The Star-Spangled Banner" by the whole assembly, and very good music made, coming from heavy soldier throats.

Lieut.-Col. Schreiber, who has always been a great favorite, made a little talk at a "wisdom" to the men who came into the fold last night.

They had a short business meeting, at which it was decided to have the reunion during the day before Decoration Day; the association will then make arrangements to hold exercises at the memorial monument.

There was music on the piano by Prof. Krebs and on the mandolin and guitar by Messrs. Wood and Knott, and comic recitations by Carl Unger and Fay Stephenson.

The best of all were the stump speeches.

One of them was by Dr. Choate, the regimental surgeon during the war. It was full of hits on the camp life of '98, and it brought down the house.

Col. Berry, Maj. Prescott, Maj. Wankowski and other well-known officers and men spoke. All their speeches were light and gay, and contributed to a very jolly evening.

The reunion was brought to a close in a uniquely interesting way. Paul Heydenreich, who led the field music during the war service, played stirring calls on his bugle. He went through the calls of an entire day, beginning with first call for reveille and ending with taps. Heydenreich is one of the best buglers in the State, and his performance was most enjoyable.

Patronizing.

Mrs. Tuft-Lyon. Did you know young Mr. Wagner-Wayrup had decided to go in for literature?

Mr. Scribbles: No, really?

Mrs. Tuft-Lyon: Yes, isn't it nice of him to popularize literature in that way?—Philadelphia Press.

Subtle Revenge.

Kate: I never liked my brother-in-law.

Laura: Why don't you knit him a necktie for a Christmas present?—Summerville Journal.

Local Sporting Record.

BATTED THE BALL SAFE.

Visitors Won the Game in the Ninth.

Four Hits and Several Errors Did It.

Football Contest at Pomona— Golf at Country Club— On the Alleys.

The eastern professionals beat the locals another ball game yesterday by a batting rally in the ninth inning, making four hits, which settled three runs and the game, with but one man out. Up to the fatal ninth they had secured only four hits off Hale's delivery, but in that round they found three scratch singles, and one that was genuine, and with a couple of costly bungles by the Loozooks that cropped out at that time, the visitors took the game.

It was a good tilt in various ways, as a whole, and furnished considerable fun and excitement for the 1500 fans who braved the cold wind to see a ball game. The hitting was clean and hard, and the fielding sharp. Two of the three errors of the locals came in the last inning, and the other in the sixth, each of which let in a run. Both Hale and Doyle pitched good ball, but as the score card finally showed, Doyle had a shade the best of the contest.

The Loozooks started out with a rush to win the game in the second inning and scored three runs before the Nationals could head them off. Dummy slammed one over second, and was advanced there on Hale's sacrifice. Kelly drew a pass and went to second on Dummy's steal to third. Both scored on Kelly's pretty double to right field.

Kelly reached first eventually on Spies' hit past third, and Carr's bungle of Hale's hit to right. These three runs were all the Loozooks could gather in.

The visitors scored their first in the sixth on Van Halten's hit to Hale, his second, and an error of Dummy. Meritt hit to Kelly at third, and in assisting the batter out at first he ran up for the ball and left third bases unguarded. Van Halten started there, and when Kelly ran from short to cover the bag, Dummy made a low throw, the ball going past Kelly and into the hands of the catcher.

Try as they could, the foreigners failed to get another man around unguarded bases in the sixth. Kelly hit the dispirited Nationals in the seventh base, which Kelly could not reach, and the next moment McHale did the same thing. Carr surprised even himself by popping a scratch fly just back of shortstop, which advanced Steinfield and McHale. After Hulien had fouled to Spies, Doyle laced out a long fly to the center fence, which Householder backed under but muffed, and Steinfield scored on the error. The other runs were advanced. McHale scored on Van Halten's hard smash to center, and Carr crossed the plate with the winning run.

NOTES OF THE GAME.

A glance at the score will show that both Kelly and Beckley were four times at bat and each made two doubles. As Meritt was twice the star of Kelly, should be of "form" can figure out that Kelly was as big as Meritt he should beat home runs every time.

Now that Magnus Morley has given us a team of eastern cracks to look at, he should provide an oil stove for each spectator. The bad weather keeps many away from these really sharp games.

The visitors scored their first in the sixth on Van Halten's hit to Hale, his second, and an error of Dummy. Meritt hit to Kelly at third, and in assisting the batter out at first he ran up for the ball and left third bases unguarded. Van Halten started there, and when Kelly ran from short to cover the bag, Dummy made a low throw, the ball going past Kelly and into the hands of the catcher.

Try as they could, the foreigners failed to get another man around unguarded bases in the sixth. Kelly hit the dispirited Nationals in the seventh base, which Kelly could not reach, and the next moment McHale did the same thing. Carr surprised even himself by popping a scratch fly just back of shortstop, which advanced Steinfield and McHale. After Hulien had fouled to Spies, Doyle laced out a long fly to the center fence, which Householder backed under but muffed, and Steinfield scored on the error. The other runs were advanced. McHale scored on Van Halten's hard smash to center, and Carr crossed the plate with the winning run.

NOTES OF THE GAME.

A glance at the score will show that both Kelly and Beckley were four times at bat and each made two doubles. As Meritt was twice the star of Kelly, should be of "form" can figure out that Kelly was as big as Meritt he should beat home runs every time.

Now that Magnus Morley has given us a team of eastern cracks to look at, he should provide an oil stove for each spectator. The bad weather keeps many away from these really sharp games.

LOCAL SPORTING RECORD.

BATTED THE BALL SAFE.

Visitors Won the Game in the Ninth.

Four Hits and Several Errors Did It.

Football Contest at Pomona— Golf at Country Club— On the Alleys.

The eastern professionals beat the locals another ball game yesterday by a batting rally in the ninth inning, making four hits, which settled three runs and the game, with but one man out. Up to the fatal ninth they had secured only four hits off Hale's delivery, but in that round they found three scratch singles, and one that was genuine, and with a couple of costly bungles by the Loozooks that cropped out at that time, the visitors took the game.

It was a good tilt in various ways, as a whole, and furnished considerable fun and excitement for the 1500 fans who braved the cold wind to see a ball game. The hitting was clean and hard, and the fielding sharp. Two of the three errors of the locals came in the last inning, and the other in the sixth, each of which let in a run. Both Hale and Doyle pitched good ball, but as the score card finally showed, Doyle had a shade the best of the contest.

The Loozooks started out with a rush to win the game in the second inning and scored three runs before the Nationals could head them off. Dummy slammed one over second, and was advanced there on Hale's sacrifice. Kelly drew a pass and went to second on Dummy's steal to third. Both scored on Kelly's pretty double to right field.

Kelly reached first eventually on Spies' hit past third, and Carr's bungle of Hale's hit to right. These three runs were all the Loozooks could gather in.

The visitors scored their first in the sixth on Van Halten's hit to Hale, his second, and an error of Dummy. Meritt hit to Kelly at third, and in assisting the batter out at first he ran up for the ball and left third bases unguarded. Van Halten started there, and when Kelly ran from short to cover the bag, Dummy made a low throw, the ball going past Kelly and into the hands of the catcher.
